## Design (given)

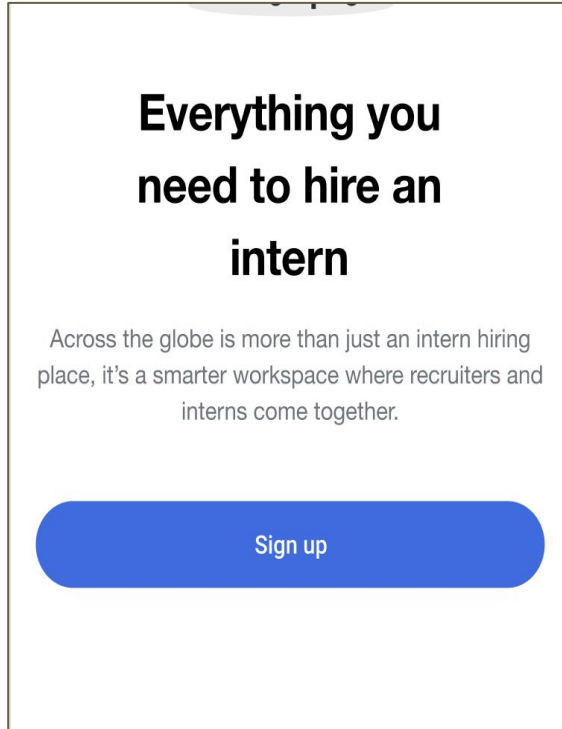

## Actual Product

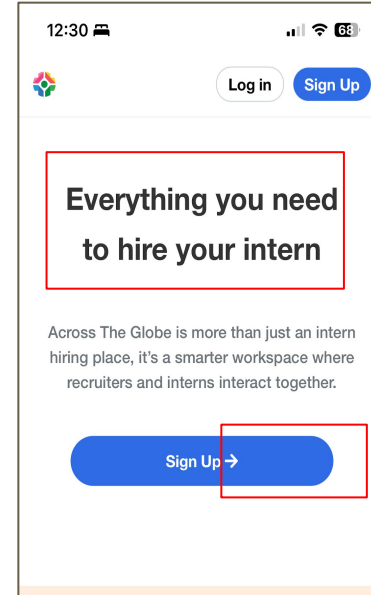

1. There is inconsistency because design shows a **"Create an Account"** button, while the product has a **"Sign Up"** button.
2. Design does not include a background for the **login button**, while the product has the background for the **"Login"**.
3. Design shows **"login"** as a single word, while the product displays it as **"log in"** with two separate words.

## Design (given)

## Actual Product

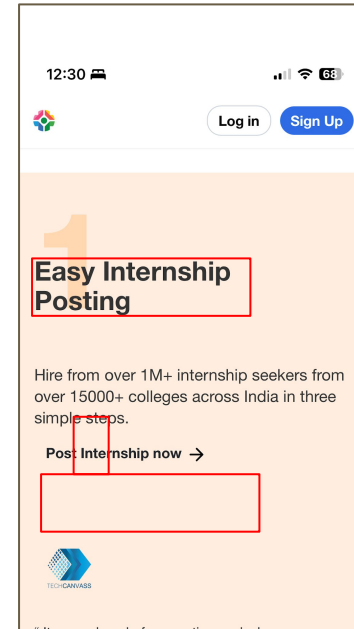

1. Text alignment is not proper.
2. Design does not includes the Arrow icon on sign up button.
3. On sign up button "u" of up is in small case.

## Design (given)

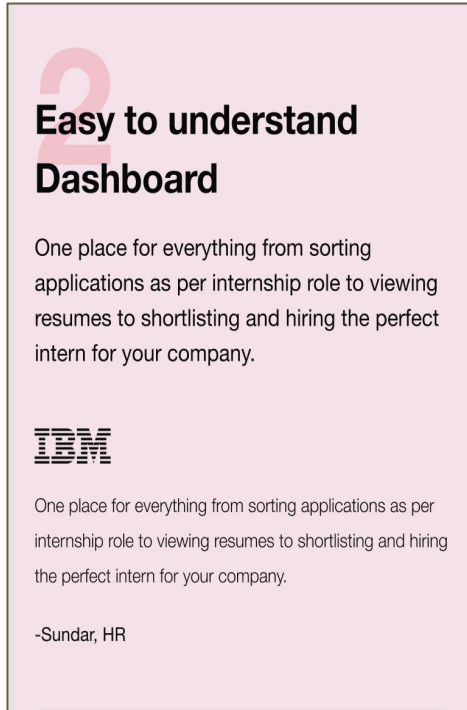

## Actual Product

1. Observed Excessive Padding gap in between **Post internship now** title and **company logo**
2. Text alignment is not matching to the design.
3. Here is a Discrepancy: in the Design "i" is in lower case, while the product displays it in **uppercase**.

## Design (given)

an intern for your company.

1. Copy issue- Apostrophe (') is missing on the get Started button.

## Design (given)

Helping to hire interns at

**zomato**

Uber

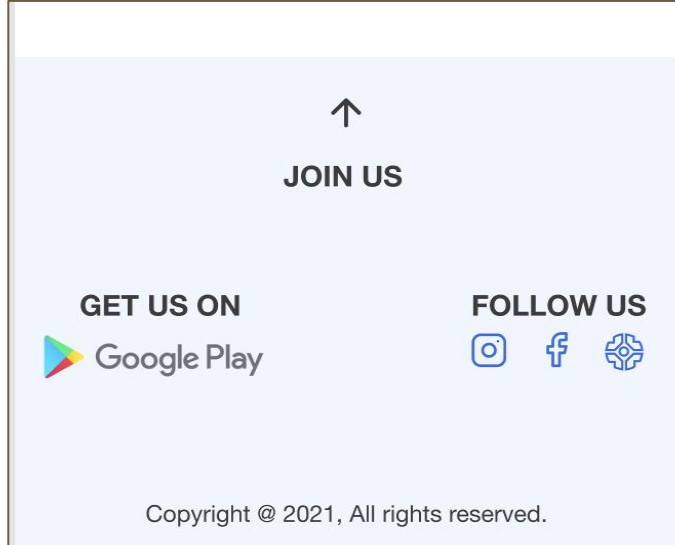

**SAMSUNG**

## Actual Product

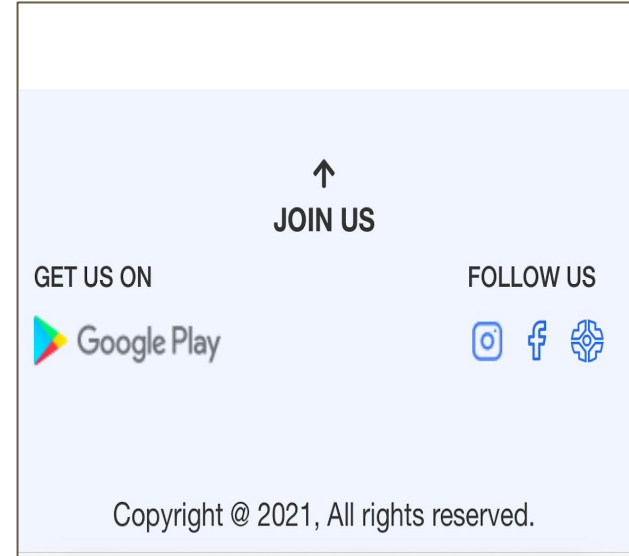

1. Bottom Padding seems to be not more than the designs.

## Design (given)

## Actual Product

1. **GET US ON** And **FOLLOW US** labels should be bold.
2. Padding Should be more in between join us and GET US ON.

- **Suggestion-**When Scroll the page down **login and signup** buttons shows Sticky.
